DEWEY ON THE STAND

Tells How Aguinaldo Stole Cattle

for the American Ships.

WASHINGTON, June 28.—The third day's testimony given by Admiral Dewey before the Senate Committee on the Philippines began with a reference to the statement made by the Admiral at the first day's proceedings concerning the proffer made by the Spanish governor general to surrender to him. Senator Carmack called attention to the fact that the press made it appear that he had said during the next twenty-four hours after the destruction of the Spanish fleet on May 1, there had been several proffers of surrender on the part of the governor. The Admiral replied that he had said that between May 1 and August 13 the governor had sent word to him more than once that he would be pleased to surrender to the navy. The first proffer, he said, was made in May, through the English consul, and subsequent proffers were made through the Belgian consul. At the time, the Admiral admitted, Aguinaldo had begun operations around Manila and was working toward the city.

Taking up the thread of the investigation where it was dropped yesterday, Senator Carmack asked the witness if all the trouble in the Philippines had been due to Aguinaldo.

"I won't say that," the Admiral replied, "but," he continued, "I will repeat that if we had had 5,000 troops at Manila on May 1, the city would have been taken possession of and we would have, at least for the time, no trouble with the natives. They were our friends then."

In reply to other questions put by Senator Carmack concerning Aguinaldo, the Admiral said:

"I think you are making too much of Aguinaldo. He was a mere figurehead and was surrounded by stronger men than himself. Mabini was one of these and General Luna, whom he had killed, was another."

Replying to another question, the Admiral said it was the general report throughout the East that in 1897 Aguinaldo had betrayed his people to the Spaniards for money. Nor did he remember that this report had been denied by American officers in the Philippines.

Among other officers quoted in this connection was General Greene, the Admiral called attention to the fact that General Greene had not given his authority.

"If," he said, "Aguinaldo told him I don't think the authority was good."

"Why do you say that Aguinaldo took the lion's share of the property gathered by the insurgents?"

"Because he was living at Malolos like a prince. He had nothing when he landed in Manila and could have procured the means for this ostentation in no other way. He began immediately after arrival to take every dollar in sight. It may be ungrateful in me to state the fact, but it is true that he sent cattle to me—herds of them—for the ships. The stock were taken from the Philippine people."

"Was any statement made of this circumstance at the time?"

"No, that is war as you know."

AMERICAN CROOKS.

Some of the Cleverest in London to Fleeced Visitors.

NEW YORK, June 28.—Twenty of the cleverest and most dangerous swindlers from America and the continent have been in London for the purpose of fleecing fashionable coronation visitors, cables the London correspondent of the Herald. Recently a group of five American sharpshooters entered a well known West End restaurant and one of them renewed an acquaintance whom he thought he had met years ago. Later they entered a game in their apartments in which the victim lost \$5,000. His supposed friend lost heavily but paid in checks while the victim contributed cash. He notified the police but the gang had fled. The police learned the party had separated into two parties, one of which proceeded to Paris, where a wealthy visitor was buncoed to the extent of \$35,000.

Colossal Humbert Swindle.

PARIS, June 28.—The Humbert case was brought up in the Chamber of Deputies when M. Mirman, Socialist, interpellated the government on the subject. M. Mirman said he wanted to know why the then minister of justice, M. Monis, had not intervened until May 8; why measures had not been taken previously to arrest the authors of the colossal swindle and why the then minister of finance, M. Calvaux, had not given orders to collect the ten million francs duty to which the state had the right to claim on the heritage. The chamber, by 338 to 74 votes, passed a motion of confidence in the government. While the debate was proceeding in the chamber a crowd of several thousand persons was witnessing the removal of the famous safe from the Humbert residence to an auction room. It weighed 5,600 pounds.

The Issue of the Friars.

NEW YORK, June 28.—Definite propositions about the Philippines will be presented to the Vatican, perhaps tomorrow, says a Rome dispatch to the Tribune. They have been delayed because Governor Taft was awaiting a cable message from Washington to clear up some points. Governor Taft, it is stated, will remind the Vatican of previous withdrawals of the friars from other countries as desired in the Philippines. For instance when France occupied Tunis, French monks, led by Cardinal Lavergne, were substituted for the Italian friars. After Italy occupied Erythraea, the French Lazarists there were replaced by Italian capuchins, with the complete approval of the Vatican.
